Our National President commented that you are the person she wishes she had gotten as the Keynote speaker for our National Convention. Such a great and motivating Keynote – you had everyone laughing and feeling good. You shared my 3 E’s: Excitement, Enthusiasm, and Energy. Can’t tell you how much I appreciate you asking beforehand what the needs are of the Association...you focused on those and helped us jump those hurdles! You are fabulous and the membership loved your presentations. Thanks, Debra, for joining us. *Betty Smith, V Regional Vice President of IAIP*
- “Debra Salz adds a vitality to her presentations that becomes quickly contagious. She easily draws in the audience and makes it a specific point to continue audience interaction throughout her programs. Debra schedules two programs at the library each year and does them for a small honorarium versus her normal pay schedule. She does this as a courtesy, not only to the Cedar Rapids Public Library, but for the community as a whole. She is a pleasure to work with and very accommodating and flexible with her schedule. Library programs are generally booked months in advance and Debra is always happy to schedule ahead to aid us in our programming efforts.” *Nancy Olinger, Community Programs Specialist, Cedar Rapids Public Library*

- “I particularly enjoyed the upbeat approach without getting too silly/sappy. Debra has a lot of energy that she brings to the group with her presentation. The Tigger/Eeyore and Dori/Marlin analogy was fun. Also liked the time vs money \$86,400 activity. Truly is about perspective. My takeaway was really the pivot – when someone comes in and asks the same question you’ve heard 25 times that week or other minor stuff that seems irritating, they are likely genuine, and we need to stop and think as public service employees. I also liked that we moved around the room, so we weren’t always with the same staff throughout the morning. Much appreciation for your time and energy! We’ll look forward to having you back in the future.” *Any Time for Desserts?* Jennie Garner, Director, North Library Community Library

Debra is extremely upbeat and fun to work with. Debra had a great energy and was able to engage everyone with the material.” *Any Time for Desserts?* participant’s comments, North Liberty Community Library
- “The training was upbeat, quick paced and positive. I liked how engaging the training was, rather than sitting and listening to someone talk about strategies I was able to incorporate strategies into the real-world experiences that we face.
